**Student Requirements for Completion of the Course:****0042**

A student must have a C or better in the course and have completed the assigned lab work and hours. Required assignments are listed on the assessment chart and schedule below.

**MANDATORY LAB WORK IN DEVELOPMENTAL ENGLISH COURSES**

*ATTENTION: Failure to complete required lab assignments can result in the student being dropped from the course at any time during the semester and will result in failure of the course. The lab assignments are 20% of the student's overall average.*

**Lab Assignments**

Each student must complete assigned lab work and make a **70% average or better** on the lab work to pass the course. Students will be required to complete weekly assignments in the lab. Lab work is completed via computer on the textbook company website. Information about how to access the lab, as well as a weekly lab work schedule, will be provided by the professor.

*As part of the combo class, English 0042 is designed to reinforce the writing curriculum in English 1301.*

**1301****WRITING ASSIGNMENTS**

**Planning (Outline):** For each essay, a student will be asked to turn in a thesis statement and a topic outline. Topic outline examples can be found in the textbook. These steps in the writing process enable the student to gather ideas and organize ideas for writing. The instructor can then provide appropriate feedback for the student before the student begins writing a rough draft of the essay.

**Peer Editing:** For each essay, a student will be asked to conduct peer editing on a classmate's rough draft of the essay. Students will be assigned to peer-editing groups during the course. Students will bring the typed rough draft to class for peer editing. Each student must edit another student's rough draft for content, organization, grammar, and mechanic errors. A peer editing sheet will be provided and must be completed by the editor. This sheet is turned in with the final essay. On peer editing day, students may also ask the instructor for help on the paper. Peer editing will assist students in preparing the final draft, but should not be the only editing and revising that occurs on the rough draft.

**Research Paper Assignments:** The Research Paper will be assigned early in the course. Over the assigned weeks of the assignment, students will turn assignments as part of the research paper process. Specific Research Paper information will be provided at that time, but the assignments include: A topic proposal, notecards with specific information on them, an outline, an annotated bibliography, a rough draft. Working through the steps in this order will help students succeed in writing a research paper that is well-researched, detailed, organized, and documented. If a student fails to complete these assignments by the due date(s), he or she loses points on the final research paper.

**Weekly Writings:** In this class, we will have weekly writing assignments. My expectation is that on most weeks (unless otherwise noted in syllabus or in conversation), we will discuss the assignment on Wednesdays and the writings will be due on the following Monday (5 day). Occasionally, they will not be due until the following Wednesday (7 day). Each Weekly Writing (WW) will address a particular style and topic. WW's format should be that of a research paper: proper headings, a title, page numbers, and written in formal English.

**Group project:** In this class, we will have a group project.

As a group, you will have the opportunity to work with a controversial idea. Big picture: your group will select a controversial subject to work with. Your group will then research the topic and find if there are opposing viewpoints – and report on at least 2 opposing viewpoints. This will act as a way to work as a group to learn how to research a topic you may not know much about, understand its subtleties and opposing viewpoint (opposing to your own, possibly).

As a group, you'll work together to compile a report of the main ideas, supported arguments, and opposing position. As a group, you will present to the class: how your group collected the information, some of the most important points about it, the opposing position, and discuss how you would create a speech from this work.

THIS IS ONLY A REPORT AND A PRESENTATION OF THE REPORT...what is most important here is to talk to the rest of the class about how your group researched, divided up the work, and demonstrate that you understand how to put a project together.

Step 1: individually, visit the library's website. <https://www.texarkanacollege.edu/library/>. Go to Guides and Tutorials. Select Speech and Communication Studies from the list. In the middle section, under Getting Started, select Points of View Reference Center. You'll see a list of possible topics. Look through this list to find a few topics you're interested in. Be prepared to discuss with your group.

Step 2: As a group, discuss possible topics found in the Points of View Reference Center and select your top 4 choices.

Step 3: Have a conversation with the instructor. Bring to this discussion one piece of paper with your group members' names and your top 4 choices.

Step 4: Once your group members and the instructor agree on a topic, the fun will begin. As a group, have a discussion about what you already know about the topic. If you had to write a paper about it, today, what would you be able to write? Take notes. Have a discussion about what might be missing in your already-known information.

Step 5: Decide if there is an opposing view or if this is a controversial subject. If so, discuss.

Step 6: Decide what information the group needs. Distribute the workload.

Step 7: Collect the information, individually.

Step 8: Meet as a group and decide how to create the report. I do not expect every report to look alike; I do expect that there will be some common features of the report. Sections might include: Introduction. General information, organized logically. The other side of the issue. Conclusion.

Step 9: As a group, prepare a presentation of all of the things that happened for this report. Expect the presentation to be about 5 minutes. Things to cover: negotiation of topic, what we didn't know, what we were surprised by, did our understanding change when we examined the other side of the issue, what we learned about preparing for a report.

Step 10: Deliver the presentation. Turn in the report, group project log, list of citations (MLA or APA)

## 0042

For this paired course, work in 0042 is geared to support the work in 1301. Therefore, we will spend much more time on grammar and mechanics. In this course, we will have 3 tests plus a final; online lab work; some class activities; and you will submit rough drafts for the weekly writings for a grade.

*Students must successfully complete English 0042 to receive credit for English 1301.*

**Attendance Policy:**

Texarkana College’s absentee policy allows instructors to withdraw a student from a course due to excessive absences. If a student leaves and returns during class or leaves the class before the class is over, he/she **may** be considered absent. Three tardies constitute one absence. It is the student’s responsibility to check the syllabus for each instructor’s tardy policy.

In some workforce/vocational areas, such as nursing and cosmetology, certification requirements necessitate an absentee policy that is more stringent than the institutional policy. In these instances, the matter of certification takes precedence over local policies, since certification policies are established by the State of Texas.

Faculty members **are not** obligated to provide opportunities for students to make-up missed assignments and tests as a result of a student’s absence from class. The institution is not required to take attendance with the exception of workforce/vocational areas, where certification requirements require taking attendance. However, experience demonstrates that regular attendance enhances academic success. As such, students are expected to attend each meeting of their registered courses.

A student should not stop attending a class without formally withdrawing from the course by the institutions published Last Day for Students to Drop. If a student stops attending class after the published Last Day for Students to Drop, the student **may** receive a grade of “F” in the class. The instructor will submit the last date of attendance for students receiving a grade of “F” or “W”.

Withdrawal from a course(s) **may** affect a student’s current or future financial aid eligibility. Students should consult the Financial Aid Office to learn both short and long term consequences of a withdrawal.

**EXCUSED ABSENCES**

A student’s absence due to school trips and/or school business will not be counted against a student’s allowable number of absences. Military duty and absences for Holy Days (FBD LEGAL) are covered in a separate section of the catalog and the student handbook. These are the only excused absences that are considered by Texarkana College.

Responsibility for work missed for any absence is placed on the student. Instructors are required to allow students to make up work missed if the absence is due to military duty\* or religious holy days when students follow the correct notification procedures. Instructors are not required to allow students to make up work for absences due to other reasons. Make-up policies are listed in each individual instructor’s syllabus.

*\*Students interested in Health Occupations should check with the division chair prior to entering the program.*

**MAXIMUM ALLOWABLE ABSENCES**

After official registration, the following number of unexcused absences will be the maximum allowable before a student **may** be dropped from the class. Mandated program certification requirements detailed for certain programs regarding the maximum allowable unexcused absences takes precedence over the following information.

**Academic Classes**

A COURSE THAT MEETS FOR THE FULL 16 WEEK SEMESTER	
Class or Lab Meets:	An instructor may withdraw a student from a course if absences exceed:
Once a week (Night classes or Friday classes)	2
Twice a week (MW or TR classes)	4
Three times a week (MWF or TRF classes)	6
Four times a week (MTWR classes)	8
	Three tardies count as one absence

**Make-up Policy:**

If the student is absent, it is the student’s responsibility to make arrangements to complete the assignments within one week of the absence; however, if a student misses on a presentation day, the student will not be allowed to do the presentation unless arrangements are made with the instructor. If the student is allowed to give the presentation late, ten points will be deducted. If a student misses on test day, the test will be placed in the testing center, and the students will have one week to complete the test. If a student misses on a day that an essay is due, the student is still responsible for turning the essay in on time. Ten points will be deducted for every day the essay is late. If a student is excused for a Texarkana College extra-curricular activity, religious holiday, or military service, the student must receive prior approval from the Dean of Students and the instructor. Assignments must be completed prior to the excused absence.

**Academic Dishonesty Policy/Academic Integrity Statement:**

Scholastic dishonesty, involving but not limited to cheating on a test, plagiarism, collusion, or falsification of records will make the student liable for disciplinary action after being investigated by the Dean of Students. Proven violations of this nature will result in the student being dropped from the class with an “F”. This policy applies campus wide, including TC Testing Center, as well as off-campus classroom or lab sites, including dual credit campuses. This information can be found in the Student Handbook at <https://texarkanacollege.edu>.

**Disability Act Statement:**

Texarkana College complies with all provisions of the Americans with Disabilities Act and makes reasonable accommodations upon request. Please contact Larry Andrews at 903.823.3283, or go by his office located in the Palmer Memorial Library for personal assistance.

If a student has an accommodation letter from the Recruitment, Advisement, and Retention Department indicating that he or she has a disability that requires academic accommodations, the student should present the

letter to the instructor so accommodations can be made. *It is best to request these changes at the beginning if not before the start of class* so there is ample time to make the accommodations.

### **Financial Aid:**

**Attention!** Dropping this class may affect your funding in a negative way! You could owe money to the college and/or federal government. Please check with the Financial Aid office before making a decision.

### **Drop Date:**

The official drop date for the course is **Friday, April 17**, which is the last date for the student or instructor to drop this course with a W.

### **Communication and Viewing Grades:**

#### **0042**

Reports and grade sheets will be given to inform students of progress in the course. Students who fail to complete assignments and/or lab, have attendance problems, and have inappropriate classroom behavior will receive a warning. Reports and grade sheets will be provided starting with the third week of the semester. After a documented report, a student can be dropped from the course. A student who does not comply with the requirements of the course will receive an F.

#### **1301**

Grades are available via an online grade book- Engrade ([www.engage.com/students](http://www.engage.com/students)) - Student grades are posted throughout the semester; Students will receive information about accessing grades by the third week of class.

### **TC Email:**

Students should check their TC Email account on a regular basis to check for general information sent from campus or instructors. Also, when emailing the instructor, the students should use the TC Email account.

### **ESSAYS**

#### **ATTENTION:**

***ALL ESSAYS MUST BE TURNED IN OR A STUDENT WILL BE DROPPED FROM THE COURSE!***

**Planning (Outline):** For each essay, a student will be asked to turn in a thesis statement and a topic outline in English 1301. Topic outline examples can be found in the textbook page 47 and in the handbook page 21. These steps in the writing process enable the

student to gather ideas and organize ideas for writing. The instructor can then provide appropriate feedback for the student before the student begins writing a rough draft of the essay.

**Peer Editing:** For each essay, a student will be asked to conduct peer editing on a classmate’s rough draft of the essay in English 1301. Students will be assigned to peer-editing groups during the course. Students will bring the typed rough draft to class for peer editing. Each student must edit another student’s rough draft for content, organization, grammar, and mechanic errors. A peer editing sheet will be provided and must be completed by the editor. This sheet is turned in with the final essay. On peer editing day, students may also ask the instructor for help on the paper.

**Required Essay Rough Drafts:**

Students will have a rough draft of each essay ready to revise and edit on scheduled days in English 0042. Drafts may be handwritten or typed, depending on the professor’s requirement. The goal is for students to work on improving sentence structure, essay content, grammar, and mechanics. The drafts will be evaluated for specific requirements and the grade will be part of the final writing assignment grade.

**In-Class Essays:**

Two in-class essays will be assigned during the semester. First, the chapter covering the format and requirements of the essays will be covered in class. Then, the student will be asked to complete a prewriting/planning and write the essay in-class on assigned days. Each essay has specific content and organization requirements; however, grammar and mechanics requirements are the same for all writing. If a student misses a class period when the essay is to be written, the student must set up an appointment with the professor to discuss a time to write the essay. The in-class essay must be completed within a week of the original due date.

**Submitting Final Out-of-Class Essays:**

1. Typed and double-spaced using 14 point easy to read font. (Be sure to save a copy of all work.)
2. Turn in a cover sheet, a formal outline, a final draft, and a works cited page (when required). Be sure to place your first and last name on each sheet as a header in the right corner.
3. Unless otherwise instructed, the cover (title) page should include the following information, double spaced and centered in the middle of the page:

Title of Paper

Student’s Name

English 0042/1301

Mrs. Jones

Date

4. Attach the Rough Draft and Peer Editing Sheet to the back of the final essay.

**Evaluation of Essays:**

All assignments are graded using a rubric with points assigned for specific areas. Essays are graded for content, analysis, documentation, grammar, and mechanics. The Texarkana College point deduction scale is used for grammar and mechanics. (SEE BELOW)

Essays will be marked for all errors and returned to the student within two weeks of when the essay is turned in. Reviewing the marked essay is essential for student success in the course. Writing can only improve if a student identifies and works on weak areas in his or her writing.

**Content and Development – 100 points possible**

(specific requirements for each writing assignment) 70 points possible

**Rough Draft** - length (2-3 pages), content (introduction, body, conclusion), and participation (in class editing session) – 30 points possible

**Grammar and Mechanics (two point deductions) - 100 points possible**

**Plagiarism:**

One of the goals of this course is to teach students how to document sources appropriately. Any violation of plagiarism can result in an automatic failure of the course. In most cases a student will receive a zero on the paper and will not be allowed to revise the paper.

**RESEARCH PAPERS**

**ATTENTION: The Research Paper must be turned in to receive credit for the course! No late research papers will be accepted!**

The Research Papers are assigned after the midterm point. Prior to that point students will receive instruction on MLA documentation, which is a requirement of the research paper. Weekly assignments on the paper will help assess student progress and ensure a student understands the components of the assignment. Each Research Paper Check is part of the overall Research Paper Final Grade. Also, in English 0042 students will be required to have specific parts of the paper completed so feedback can be provided and improvements can be made to the paper. The final paper will be turned in using the same method as the essays, but will be placed in a pocket folder with brads. The research paper is evaluated in three parts: content and organization, research and documentation, and grammar and mechanics. *NOTE: To conduct reliable research, students must use the TC Databases. A library orientation will be provided as part of the course.*

**TESTS**

**0042**

Eight tests will be given over material covered in the textbook. Several chapters will be tested at one time, as indicated on the class schedule. Tests are a combination of multiple-choice and writing. Some tests will be given in the lab setting (indicated on the assignments list). Missed tests can be made up in the Testing Center. The Testing Center is located in the Business and Computer Technology Building. Students should make arrangements with the professor to make-up a test. The final exam is a comprehensive test and will be in multiple-choice format.

***ALL tests must be taken to pass the course. Failure to take tests can result in being dropped from the course.***

### **1301**

A pre and post test will be given. The pre-test is given to provide the instructor with strengths and weaknesses of students regarding grammar, mechanics and sentence structure. The pos-test will be given at the end of the semester. The tests are in multiple choice format and will be scored immediately. The Midterm Exam will cover the writing process. Students will need to bring a scantron, notebook paper, and pencil to take these tests. These tests will be graded within a week of completion. If a student is absent on test day, the student must make arrangements with the instructor to make up the test in the Testing Center at Texarkana College or other arrangements can be made. The final exam will cover MLA. The final must be taken on the day indicated on the final exam schedule.

## **JOURNALS**

### **0042**

Ten journal topics will be assigned during the semester. Journal topics are related to assigned readings in the textbook and/or writing prompts. Journals are completed in the MySkillsLab or in a composition book, whichever is required by the professor. Each journal must be one page to receive complete credit for the entry. Journals are meant to allow a student to express ideas, analyze, and critically think about the reading. Journals are graded for content, not grammar and mechanics.

## **CLASS ASSIGNMENTS**

Students may be assigned activities from the textbook. These assignments will reinforce skills taught in the course. Also, these assignments will prepare students for testing. Some assignments will be completed during class, and some assignments will be given for homework. Students will be informed of assignments that will be taken for a grade.
