Student Learning Outcomes for the Course

1. Use the concepts of definite integrals to solve problems involving area, volume, work, and other physical applications.
2. Use substitution, integration by parts, trigonometric substitution, partial fractions, and tables of anti-derivatives to evaluate definite and indefinite integrals.
3. Define an improper integral.
4. Apply the concepts of limits, convergence, and divergence to evaluate some classes of improper integrals.
5. Determine convergence or divergence of sequences and series.
6. Use Taylor and Maclaurin series to represent functions.
7. Use Taylor or Maclaurin series to integrate functions not integrable by conventional methods.
8. Use the concept of polar coordinates to find areas, lengths of curves, and representation of conic sections.

Student Requirements for Completion of the Course and Due Dates

Homework is done online using MyMathLab. Chapter tests are taken in the classroom on paper. Final exams are in the classroom at the assigned date. Due dates are listed on the schedule.

Student Assessment

Homework – 20% (Lowest 3 scores dropped)

Chapter Tests – 60%

Final Exam – 20%

Class Schedule

See separate Schedule.

Absentee Policy

Texarkana College's absentee policy allows instructors to withdraw a student from a course due to excessive absences. If a student leaves and returns during class or leaves the class before the class is over, he/she **may** be considered absent. Three tardies constitute one absence. You may be counted tardy for arriving late or leaving early.

A student should not stop attending a class without formally withdrawing from the course by the institutions published Last Day for Students to Drop. If a student stops attending class after the published Last Day for Students to Drop, the student **may** receive a grade of "F" in the class. The instructor will submit the last date of attendance for students receiving a grade of "F" or "W".

Withdrawal from a course(s) **may** affect a student's current or future financial aid eligibility. Students should consult the Financial Aid Office to learn both short and long term consequences of a withdrawal.

EXCUSED ABSENCES

A student's absence due to school trips and/or school business will not be counted against a student's allowable number of absences. Military duty and absences for Holy Days (FBD LEGAL) are covered in a separate section of the catalog and the student handbook. These are the only excused absences that are considered by Texarkana College. Responsibility for work missed for any absence is placed on the student. Instructors are required to allow students to make up work missed if the absence is due to military duty or religious holy days when students follow the correct notification procedures. Instructors are not required to allow students to make up work for absences due to other reasons.

MAXIMUM ALLOWABLE ABSENCES

After official registration, the following number of unexcused absences will be the maximum allowable before a student **may** be dropped from the class. For Academic classes that meet four times a week, an instructor may withdraw a student from a course if they exceed 8 absences.

Make-up Policy

Absences for which you may make up missed tests include military duty, religious holidays, a death in the family, a documented medical emergency, or school functions provided that you follow the correct notification procedure. If you miss an exam, you must contact the instructor before the next class in order to schedule a make-up exam. The make-up exam must be completed in a timely manner. There is a 10 day window after the due date in which to complete each homework assignment (except for the last ones). Scores are automatically reduced 10% per day beyond the due date. Make-up tests are taken on the computer using MyMathLab. ALL work is due by the last regular class day.

Academic Integrity Statement

Scholastic dishonesty, involving but not limited to cheating on a test, plagiarism, collusion, or falsification of records will make the student liable for disciplinary action after being investigated by the Dean of Students. Proven violations of this nature will result in the student being dropped from the class with an "F".

This policy applies campus wide, including TC Testing Center, as well as off-campus classroom or lab sites, including dual credit campuses. This information can be found in the Student Handbook at <https://texarkanacollege.edu>.

Disability Act Statement:

Texarkana College complies with all provisions of the Americans with Disabilities Act and makes reasonable accommodations upon request. Please contact Larry Andrews at 903.823.3283, or go by the Recruitment, Advisement, and Retention Department located in the Administration building for personal assistance.

If you have an accommodation letter from their office indicating that you have a disability which requires academic accommodations, please present it to me so we can discuss the accommodations that you might need for this class. *It is best to request these changes at the beginning if not before the start of class* so there is ample time to make the accommodations.

Financial Aid:

Attention! Dropping this class may affect your funding in a negative way! You could owe money to the college and/or federal government. Please check with the Financial Aid office before making a decision.

Cell Phones:

Please turn cell phones on silent during class (not vibrate). If your cell phone becomes a distraction for others, you may be asked to leave and counted absent for the day.

Course Correspondence:

Any course correspondence will be through TC student email. It is the student's responsibility to check his/ her TC email regularly for any information relating to the course.
