Grading:

Online Issues: This is not a self-paced class. An online course covers the same material as traditional "live" sections. You have some flexibility in determining WHEN you work on the class material, but there are regular and specific deadlines for assignments and exams. Be sure to keep up with the course schedule. In this online course, you may not have to be physically present at a particular place and time as in a traditional class, but it does not demand less time or effort. In fact, online classes tend to take MORE time and discipline than fact-to-face classes. I expect you to check your TC email once every 48 hours at a minimum, including weekends. This means that you will need to make sure that you have some way to be able to use the internet regularly. Have a backup plan in case your home computer/internet connection goes down. Texarkana College is not responsible for issues related to your computer or internet service. Problems with your computer or internet service is not an excuse for completing your assignments by their deadline. ---- PLAN AHEAD ----

Grading Scale:

A = 90-100

B = 80-89

C = 70-79

D = 60-69

F = Below 60

Student Assessment:

Your final grade for this course will be determined by the following method:

(1) Seven Unit Exams - 700 points,

(2) Seven Forum Discussion Questions/Video Clips - 140 points,

(3) Seven Weekly Quizzes - 160 points,

(4) One Mid-Term Exam - 200 points,

(5) One Final Unit Exam - 200 points,

(6) One Primary Source Document review - 100 points,

(7) One Comprehensive Post-Test - 100 points.

A total of 1,600 total points.

The Final Grade is based on total points accumulated:

A = 1600 - 1440

B = 1439 - 1280
C = 1279 - 1120
D = 1119 - 960
F = below 960 points.

Final Exam: Comprehensive Post-Test: The Comprehensive Post-Test is an online course requirement and must be completed by everyone. You will have email messages which will contain important information for you to read about this online course. It is your responsibility to read the email messages sent out during the semester.

Proctored Exams:

If you live outside a 50 mile radius of Texarkana College, and do not desire to drive to the college to take exams that must be taken at the Texarkana College Testing Center, you may choose to have your Mid-Term and Final Unit Exam proctored at another location. For information on having an exam proctored, click [Here](#). You will not be able to access these exams without the assistance of an approved proctor. Any fees charged by the proctor, testing center, or other approved institution are the sole responsibility of the student. It is the responsibility of the student to arrange for proctoring. You must contact the Professor immediately during the first week of the semester concerning any proctored exam.

Absentee Policy:

Because you do not come on campus and sit in a classroom, attendance is determined by your active participation and communication in the course. Make sure that you log in frequently, participate in your course activities and discussions, and check your TC email regularly. Students who succeed in online classes keep a schedule just as they would if they were attending class on campus, and they communicate with one another and their Professor frequently. Attendance is vital to your success. Check your TC email Student tab at least three times per week.

Absence in an online course is defined as the lack of an active post or submission within the course including discussion board posts, Forum questions, written assignments, and tests. This standard will be used to determine all absentee issues, including but not limited to, 12th Day Census Reports, last date of attendance, and involuntary withdrawal from a course due to absences. All online students must complete a **Enrollment Verification Activity/Information Form** within the first week of class; otherwise the professor may drop the student for not having attended. **Students must complete at least one or more activities in their online course per week. Each week in which a student does not complete an activity will be counted as an absence.** For this online course: if you are working ahead of the course schedule and have completed the assignment or exam due that week, all you will need to do is just send an email message to the Professor for that week. You may indicate what chapter you are working on in your message. If you miss more than two Unit Exams/Quizzes, Forum Discussion Questions/Video Clips, or other assignments, you will be dropped from this online course.

Maximum Allowable Absences: After official registration, the following number of unexcused absences will be the maximum allowable before a student may be dropped from the online course: **students may not exceed two (2) absences** for this online course.

A student should not stop attending a class without formally withdrawing from the course by the institutions published Last Day for Students to Drop. If a student stops attending class after the published Last Day for Students to Drop, the student may receive a grade of "F" in the class. The

instructor will submit the last date of attendance for students receiving a grade of "F" or "W".

Withdrawal from a course(s) may affect a student's current or future financial aid eligibility. Students should consult the Financial Aid Office to learn both short and long term consequences of a withdrawal.

Make-up Policy:

All Exams and Assignments must be completed by the deadline dates unless you have an extreme emergency reason which must be documented by the student and approved by the Professor. All Exams and Assignments may be completed early before the deadline dates --- do not wait until the last day to complete the course requirements and discover that you have a computer problem. Otherwise, all seven Unit Exams, weekly quizzes, Mid-term Exam, Final Unit Exam, and Comprehensive Post-Test can only be taken once --- there are no retakes or makeups for these exams, and this also includes the Forum Discussion Questions/Video Clips, and Primary Source review. It is your responsibility to complete these Exams and Assignments on time. Please remember that Online courses give you a flexible time schedule in which you can complete the assignments and exams early before the deadline dates. --- PLAN AHEAD ---

Academic Dishonesty Policy:

Scholastic dishonesty, involving but not limited to cheating on a test, plagiarism, collusion, or falsification of records will make the student liable for disciplinary action after being investigated by the Dean of Students. Proven violations of this nature will result in the student being dropped from the class with an "F".

This policy applies campus wide, including TC Testing Center, as well as off-campus classroom or lab sites, including dual credit campuses. This information can be found in the TC Catalog/Student Handbook at <https://texarkanacollege.edu>.

Disability Act Statement:

Texarkana College complies with all provisions of the Americans with Disabilities Act and makes reasonable accommodations upon request. Please contact Larry Andrews at 903.823.3349, or go by his office located in the Palmer Memorial Library.

If you have an accommodation letter from his office indicating that you have a disability which requires academic accommodations, please present it to the Professor so we can discuss the accommodations that you might need for this class. It is best to request these changes at the beginning if not before the start of this online course so there is ample time to make the accommodations.

Financial Aid:

Attention! Dropping this class may affect your funding in a negative way! You could owe money to the college and/or federal government. Please check with the Financial Aid office before making a decision.

Complaint Process:

The complaint process can be found at <https://www.texarkanacollege.edu/wp-content/uploads>

/2014/11/online-classes-complaint-procedure.pdf.

Netiquette:

"Netiquette" is the term used to describe rules of courtesy in using electronic communication. These rules are intended to help use the medium effectively and considerately. The ideas below are intended to help with electronic class discussion.

When communicating in an online course you are addressing a group of people. The following guidelines will help you to communicate effectively.

- Don't say things that you wouldn't say in a face-to-face environment, or in any public place.
- Don't share confidential information.
- Use the subject line to identify the content of the message.
- Stay up-to-date on forum postings by reading them regularly.
- Always comply with copyright by citing your references when posting online content.
- Use individual e-mail for messages to individuals rather than typing up the group list.
- Do not forward emails or discussion forum postings without asking permission to from the original author.
- Electronic communication does not provide visual cues, such as smiles or frowns that face-to-face communication allows. Therefore, humor and/or sarcasm in written text might be misunderstood and interpreted as rude or inflammatory in the online environment. Choose your words carefully to avoid hurting, or angering anyone. Should emotions become inflamed, do not promote the anger. Take a cooling down period, perhaps overnight, before you engage in the online activity again.
- Avoid using all capital letters in your text. This is considered 'shouting' in the online classroom.
- Aim for clarity and readability in your text.
- Use proper English and remember to spell check.
- If you do not understand the assignment's directions, please check with the Professor.
- The online classroom is a community of learners. Participate actively in the community and reach out to your classmates with a helping hand.

Withdrawal Policy:

If a situation arises that prevents the successful completion of the Internet course, please note that it is each student's responsibility to formally withdraw from this course. If you fail to drop by the deadline, you could easily end up with a failing grade if you quit working on your assignments. The last day to drop courses for the semester is November 18.

Other Assignment Information:

Forum Discussion/Participation:

Students must participate in all Forum Discussion Questions/Video Clips online that are posted by the Professor. Each participation assignment will constitute a part of your grade in the course and is a course requirement. If you miss more than two Forum Discussion Question/Video Clip assignments, this will constitute enough absence (participation) from the course to be dropped by the Professor.

Primary Source Document Review:

In addition to the exams and other assignments, you will be required to do a short review of one

Primary Source Document (600 minimum word review of the document in your own words). The Primary Source Document is worth 100 points. The Primary Source Document topics will be found from link web sites on this Internet course under "Primary Source Document Review Information." You may complete and send your review early to the Professor. Also, the Document review must be completed as part of the course requirements. If you miss the deadline, you still must complete the review and receive no credit. Directions for the review is explained on the "Start Here/Handouts" portlet page of this Internet course under "Primary Source Document Review Information." You must select a Primary Source topic by the end of September. Deadline for the Primary Source review is November 3.

Extra Bonus Points:

You may acquire Extra Bonus Points by doing the two additional Video Clips (each Video Clip is worth 10 points; total of 20 points). These Extra Points will be added to your total grade points at the end of the semester.

College Testing Center:

The T.C. Testing Center is now located in the college Library. You will need to check their hours for operation ahead of time for the Mid-term Exam and the Final Unit Exam which must be completed in the college Testing Center.

*** Please Note:**

This course syllabus is subject to revision. Any changes to this course syllabus will be announced to everyone by email during the semester. Make a copy of this course syllabus for your records.

Other Important Syllabus/Course Information---

1. To be successful in any Internet course, you must exercise self-motivation and time management --- make sure you spend at least four to five hours per week (or more) reading the textbook chapters

and studying over the answers to the Study Questions and the Lecture Notes and Outlines. Always follow the directions in the course syllabus from the online web site.

2. When taking a Unit Exam/quiz, submit it well before the time runs out. Some Internet connections take longer than others. If you submit the exam late, the score will come back as a zero. If this happens I will not change your grade. Once you sign on and click "[Start the Unit Exam Now](#)," no pauses are allowed. If you cannot work uninterrupted for 50 minutes, choose another time to take the Unit Exam. The deadlines for Unit Exams/quiz are always by 11:55 p.m. on the deadline day. I would suggest always trying to take the exam/quiz the day before the deadline in case of bad weather affecting your internet connection, unforeseen emergencies, etc. --- **PLAN AHEAD** ---

If you are interested in taking an Internet course, you must:

1. Be aware of deadlines for taking tests, sending in assignments, and completing work for the course.
2. Be willing to spend the time to read assigned textbook chapters and complete other assignments.
3. Be motivated and well-organized, and take responsibility for your own learning.
4. Not delay getting course requirements completed on time.
5. Be aware of the limits of Internet course flexibility --- there are deadlines, assignment due dates, and testing limits in Internet courses, just as there are in traditional classroom courses.
6. Be aware that Internet/Online courses are not for every student. Many students do not succeed in Internet courses. Students who do successfully complete Internet courses are self-motivated, well-organized, and capable of completing assignments on time, without regular classroom interaction.
